Bellacide[®] 300, BWA Water Additives' Next Generation Biocide to be Launched at NACE Corrosion 2015

Visit BWA at booth #19090 for our social hour on Tuesday, March 17th from 4 to 5PM to learn more about how the new Bellacide[®] 300 is competitive, capable and compatible.

Attendees are also invited to attend two technical sessions where BWA technical experts will lead industry discussions:

- TEG-149X: Biocides Application/Misapplication Committee Meeting- "Biocide Compatibility in Oil and Gas Applications", presented by Dr. Christy Wentworth, March 18th, 8:00-11:00AM EST.
- Water Treatment vs. the Economics Associated with Risk and Reliability- "Biocide Combinations for Improved Microbiological Control", presented by Dr. Jeff Kramer, March 17th, between the hours of 8:00AM - 5:00PM EST.

About BWA Water Additives:

BWA Water Additives is the leading global provider of sustainable water treatment technology solutions for the desalination, oil and gas and industrial water treatment markets. BWA antiscalant, corrosion inhibitor and microbicide technologies provide customers with the essential elements required to meet today's water management challenges. For additional information please visit www.wateradditives.com.
