BWA Water Additives Appoints New Vice President of Operations

BWA is pleased to announce the appointment of Justin Penney as Vice President Operations, effective 18th May 2015.

Justin will lead the global Operations team with the principle responsibility for meeting customer expectations, maintaining operational excellence and optimizing supply chain cost to maximize gross profit and cash delivery.

Justin brings extensive experience in procurement and supply chain management. He has more than 20 years' experience in supply chain and procurement in the chemical industry, most recently as Global Procurement Director at Akzo Nobel. Justin will be located in BWA's UK office and will report to Graham Merfield, President and CEO.

About BWA Water Additives:

BWA Water Additives is the leading global provider of sustainable water treatment technology solutions for the desalination, oil and gas and industrial water treatment markets. BWA antiscalant, corrosion inhibitor and microbiocide technologies provide customers with the essential elements required to meet today's water management challenges.
