BWA Water Additives Appoints New Vice President of Asia-Pacific

BWA is pleased to announce the appointment of Gan Boon Teck as Vice President Asia-Pacific, effective 6th April 2015.

Gan will lead the team in Asia-Pacific with the principle responsibility for delivering long term sustainable growth. According to Graham Merfield, BWA President and CEO, “We believe there are significant opportunities for growth across the region leveraging our wide market presence and technologies backed by local manufacturing, supply chain and operational support. It is our intent to build out the team and our capabilities in the region to support and provide local service to our customers as we grow our business.”

Gan has more than 20 years' experience in the Specialty Chemical industry and has previously held roles with National Starch, HB Fuller and most recently Nippon Paint based in China. Gan will be located in Singapore and report directly to Graham.

About BWA Water Additives:

BWA Water Additives is the leading global provider of sustainable water treatment technology solutions for the desalination, oil and gas and industrial water treatment markets. BWA antiscalant, corrosion inhibitor and microbiocide technologies provide customers with the essential elements required to meet today's water management challenges.
